

EMPLOYER/HOST INTERNSHIP GUIDE

SVA INTERNSHIP FOR CREDIT PROGRAM (ICP)

SUMMER 2020 REVISION

WELCOME

Thank you for your interest in hiring an SVA student as an intern.

An internship is an opportunity for our students to benefit from your professional guidance while giving them real workplace experience, and is an effective way for employers to determine if a student might be a good candidate for future opportunities with your organization. Each year, more than 300 SVA students successfully complete a paid or unpaid internship for credit and receive overwhelmingly positive reviews from their employers.

The ICP is open to eligible SVA students (US citizens and international students*) and allows them to receive three (3) SVA studio elective credits upon completion of the internship, whether the internship is paid or unpaid.

*Please see Page 3 for special information regarding hiring international students as interns.

(Re: unpaid internships - - According to state and federal labor laws, the primary purpose of an unpaid internship is for the student to gain practical learning experience and not for the employer to benefit from the student's labor. [see Page 2 of this guide for more information]).

Please review the following information on how to participate in the SVA Internship for Credit Program.

EMPLOYER CRITERIA AND REQUIREMENTS

Employers must agree to the following:

- Employ interns for 150 hours, falling within [SVA's semester dates](#).
 - NOTE: If yours is an unpaid internship that requires more than 150 hours of work, we encourage you to designate this a paid internship, providing compensation at least equal to that of NYS minimum wage.
- Provide an experience that applies directly to a student's field of study, fulfilling relevant career objectives.
- Provide a designated creative supervisor, qualified in the area of the student's major, who gives counsel, advisement and career guidance.
- Work with the intern to identify their specific learning goals for the semester.
- Allow for the intern's creative participation in a hands-on learning environment where the student regularly interacts with staff and/or clients.
- **FOR SUMMER 2020 (while NY State is on PAUSE)** - Remote work is acceptable for intern duties.
 - Employers should provide any software needed for internship work.
 - Employers are strongly encouraged to provide a computer to the intern for privacy and legal purposes.
 - As per above, employers must provide a designated supervisor with clear instructions and monitoring protocols during the period of remote work.
 - Remote work is acceptable in some instances including the current crisis, but when possible an on-site experience is preferred for credit internships.
 - Note that in a remote experience the intern should be engaged in conversation with staff/clients also, whether by video, phone, chat, or email.
 - If the city and state allow a return to on-site work, employers are encouraged to include interns in their on-site work (office, studio, set) and discontinue remote work when it is safe to do so. The ultimate determination is at the discretion of the employer.

(Note on this return-to-work clause: Because social distancing may be one of the requirements of allowing employees to return to a work site, employers may need to decide who goes into the office and who remains remote.)

EMPLOYER CRITERIA AND REQUIREMENTS, continued

- Provide any appropriate or necessary training outlining duties, company policies and conduct, safety protocols.
- Be prepared to provide proof of current Workers' Compensation insurance if your company employs fewer than five (5) staff (excluding interns).
- Complete both a midterm and final evaluation of the intern's performance to help keep them on track in meeting learning goals and provide feedback on the intern's performance.
- Maintain open communication with SVA Career Development, especially if any questions, concerns or problems arise with the intern.

IMPORTANT DATES AND DEADLINES

Internships must be completed in the same academic semester in which the student seeks to receive academic credit. The internship may not begin before the first day of the semester and must end before or on the last day of the semester.

The semester dates and deadline to register for an internship for credit each semester can be found on our [website](#).

AFTER SELECTING AND HIRING YOUR INTERN

After the student has accepted your offer for internship, the student will request information from you in order to complete the online application form. Once they've submitted online, SVA Career Development will review it and approve it. You will then receive in an email a Credit Verification Letter and a link for you to review and approve the student's application. There you may make any changes necessary on the student's application—these changes will be rerouted to SVA Career Development and the student will resubmit for approval.

Once you have approved the application, the student will complete the registration process and, once the semester begins, they may begin working. (For U.S. students, this process can take a full week; international students need to allow at least 2-3 weeks for processing.)

Students may not begin working until they have received all levels of approval, been registered, and, for international students, received their new I-20.

INTERN HOURS

To earn credit, SVA students must complete a total of 150 hours within the semester start and end dates. Students should not be asked to work more hours than those specified in the online application or to work beyond the SVA academic semester. Employers who want a student to continue working with their company after the internship ends are encouraged to consider offering a paid opportunity. International students participating in internships are not legally eligible to work beyond the dates specified on their application and I-20.

COMPENSATION AND DEPARTMENT OF LABOR STANDARDS

SVA Career Development strongly encourages internship employers to pay an hourly wage, or if this is not possible, to offer a stipend or scholarship for travel and meals. To be considered a paid internship, the compensation must be equal to or greater than the New York State minimum wage (\$13.50/hour for companies with 1-10 employees; \$15.00/hour for companies with 11+ employees). If the stipend or scholarship does not meet this minimum requirement, the internship is considered unpaid. Academic credit is granted by SVA and is NOT compensation.

SPECIAL NOTE RE SOCIAL SECURITY NUMBERS as of early April, 2020 - As of today, the office of the Social Security Administration is closed due to the COVID-19 pandemic, without a reopening date cited. Please be aware that **students who currently do not have an SSN, will not be able apply for and receive one for a summer internship until the SSA reopens and is processing applications.** In these instances, we would advise that employers keep accurate time sheets of intern hours worked and compensate students after they have received their social security numbers or at the conclusion of their internships, if possible.

UNPAID INTERNSHIPS AT FOR-PROFIT BUSINESSES

When possible, unpaid internships should offer a daily stipend. To offer an unpaid internship, you must review and abide by the New York State Department of Labor Internship Standards and the US Department of Labor Internship Standards before hiring an intern from SVA. A major point in these laws is that the primary purpose of the internship is for the student to gain practical learning experience and not for the employer to benefit from the student's labor. The SVA Internship Agreement Form requires that you certify having reviewed these documents.

Information on these laws is available for download by visiting these sites:

[Internship Programs Under the U.S. Fair Labor Standards Act](#)

[New York State Department of Labor: Wage Requirements for Interns in For-Profit Businesses](#)

[New York State Department of Labor: Wage Requirements for Interns in Not-for-Profit Businesses](#)

WORKERS' COMPENSATION LAWS

Employers in New York State are required by law to provide Workers Compensation insurance for all interns, unpaid and paid. It is not necessary to add individual intern names to the policy. For full details, please visit this site:

[New York State Workers' Compensation Coverage](#)

HIRING AN INTERNATIONAL STUDENT

International students must go through the Curricular Practical Training (CPT) process to obtain legal authorization to gain employment training such as an internship, whether paid or unpaid.

Employers must draft a Letter of Hire that follows specific guidelines determined by the U.S. government, outlined in the Letter of Hire Template on the following pages.

IMPORTANT NOTES:

- The Letter of Hire MUST list a **Start Date** that is **AT LEAST 2-3 WEEKS FROM THE DATE THE STUDENT SUBMITS THEIR ONLINE APPLICATION.**
- The Start Date must also fall on or after the first day of the current SVA semester.
- The end date may not fall after the last day of the semester.
- Any Letter of Hire that does not follow these guidelines precisely will be rejected and a new letter will have to be submitted. This will further delay the student's start date.
- The Letter must include the address of the employer's U.S. office, regardless of an intern's working remotely. The Letter does not need additional reference to remote work or "working from home."

ANY QUESTIONS?

Contact the SVA Career Development office.
